[ColinTGraham](#) [@Turkeydoodles](#) Yes, and the old kids don't always like to admit they enjoy playing the young kids' games too! ;-) [#hsmath](#) -10:07 PM Apr 14th, 2011

[mathheadinc](#) [@Turkeydoodles](#) Just like how I ignore "calculus us for high school or college kids". :) [#hsmath](#) -10:06 PM Apr 14th, 2011

[mathheadinc](#) RT [@Turkeydoodles](#): My biggest suggestion is to ignore the suggested ages: little ones can get a lot out of big kid games!! [#hsmath](#) -10:04 PM Apr 14th, 2011

[mramidon](#) [@adjunctmom](#) Great idea. We do that here at our home... that's for sure. [#hsmath](#) -10:04 PM Apr 14th, 2011

[adjunctmom](#) [@SchoolmarmDE](#) I hope you feel better soon. [#HSMath](#) -10:04 PM Apr 14th, 2011

[mramidon](#) RT [@mathfour](#): RT [@adjunctmom](#): Don't forget that [#HSchat](#) is next Weds 4/20 from 9p to 11p ET. Topic is outside the homeschool. Should be a blast. [#HSMath](#) -10:04 PM Apr 14th, 2011

[Turkeydoodles](#) [@ColinTGraham](#) [@7puzzle](#) Will do - thanks! The Math Mom has some neat puzzles every fortnight too, if you are interested. >:) [#hsmath](#) -10:03 PM Apr 14th, 2011

[adjunctmom](#) RT [@Turkeydoodles](#): My biggest suggestion is to ignore the suggested ages: little ones can get a lot out of big kid games!! [#HSMath](#) -10:03 PM Apr 14th, 2011

[mathfour](#) RT [@adjunctmom](#): Don't forget that [#HSchat](#) is next Weds 4/20 from 9p to 11p ET. Topic is outside the homeschool. Should be a blast. [#HSMath](#) -10:03 PM Apr 14th, 2011

[mathfour](#) Thanks so much to the [#HSMath](#) chatters. Y'all stay curious, y'hear? [#HSMath](#) -10:03 PM Apr 14th, 2011

[Turkeydoodles](#) My biggest suggestion is to ignore the suggested ages: little ones can get a lot out of big kid games!! [#hsmath](#) -10:02 PM Apr 14th, 2011

Leighbra @adjunctmom I hope it's a blast, I'm working super hard on it ;) **#HSMath #HSChat** -10:02 PM Apr 14th, 2011

ColinTGraham You should follow **@7puzzle** he sets daily maths puzzles here in the UK and designed and sells board games/puzzles... **#hsmath** -10:02 PM Apr 14th, 2011

mathfour That's a wrap, y'all. I'll get the transcript posted tonight or in the morning (I still have pink eye). Next topic posted by Mon. **#HSMath** -10:02 PM Apr 14th, 2011

SchoolmarmDE I'm really sorry I dragged my stone forming body to this tonight. **#hsmath** -10:02 PM Apr 14th, 2011

midhamohit #HSMath Check this out for a game on plotting linear, quadratic and cubic curves: <http://bit.ly/dQYxiQ> **#Noteasybutfun** -10:02 PM Apr 14th, 2011

mramidon RT **@ColinTGraham**: Poker is one of the best games for teaching number, counting and probability... ;-) **#hsmath** -10:02 PM Apr 14th, 2011

mathnasium I'm watching the **#HSmath** tag & learning about all kinds of math games, from iPhone/iPad apps to toy cash registers to games like Rush Hour! -10:01 PM Apr 14th, 2011

adjunctmom Real quickly, don't forget that **#HSchat** is next Weds 4/20 from 9p to 11p ET. Topic is outside the homeschool. Should be a blast. **#HSmath** -10:01 PM Apr 14th, 2011

mathheadinc @Turkeydoodles Daily Set puzzle! <http://bit.ly/C3EVh> **#hsmath** -10:01 PM Apr 14th, 2011

Turkeydoodles don't forget solitaire! **#hsmath** -10:01 PM Apr 14th, 2011

mramidon @ColinTGraham Couldn't agree more. Great study hall activity. **#hsmath** -10:00 PM Apr 14th, 2011

ColinTGraham @mathfour It's ok, Bon, y'all were speaking Texan... ;-P **#HSEngligh #HSMath** -10:00 PM Apr 14th, 2011

mathfour Me too! RT **@adjunctmom**: **@mathfour** I think Im walking out of here with my Uno deck and starting to work w/2 learning how to play. **#HSMath** -10:00 PM Apr 14th, 2011

mramidon Bringing more and more card games back into the classroom. Easy lesson and great skills to be learned. <-- my take away. **#hsmath** -10:00 PM Apr 14th, 2011

Turkeydoodles Oh, and Set. My 2yo can play set, yet it still fascinates my mathematician uncle, too! **#hsmath** -10:00 PM Apr 14th, 2011

adjunctmom **@mathfour** I think I'm walking out of here with my Uno deck and starting to work w/2 learning how to play. **#HSmath** -10:00 PM Apr 14th, 2011

mathfour Good thing this isn't **#HSEngligh...** RT **@mathfour**: What'RE the top games youre taking away tonight? **#HSMath** -10:00 PM Apr 14th, 2011

midhamohit **#HSMath** with good games, students are competing with themselves for self improvement. Thats the beauty of games. You don't fail. You replay! -9:59 PM Apr 14th, 2011

Turkeydoodles Pls, folks, try Carcassonne - you won't regret it! :) **#hsmath** -9:59 PM Apr 14th, 2011

ColinTGraham Poker is one of the best games for teaching number, counting and probability... ;-) **#hsmath** -9:59 PM Apr 14th, 2011

adjunctmom Amen. RT **@Turkeydoodles**: We teach good sportsmanship, persistence, patience, etc when playing games too - competition isnt all bad. **#HSmath** -9:59 PM Apr 14th, 2011

Turkeydoodles My 2yo plays D&D with us. **#hsmath** -9:59 PM Apr 14th, 2011

mathfour Wow - check out the time. Anyone want to start the wrap up? What's the top games you're taking away tonight? **#HSMath** -9:59 PM Apr 14th, 2011

mramidon **@mathfour** **@Turkeydoodles** We have played sum version of Uno since R kids wr tiny. Now older we play the real deal. gr8 family time **#hsmath** -9:58 PM Apr 14th, 2011

mathfour RT **@Leighbra** You really have to be able to read your kids & your family as a unit re:competition **#HSMath** -9:58 PM Apr 14th, 2011

Turkeydoodles I'm a very non-competitive person, but a game IN FUN is a good thing. Make it personal though, and I'm out. **#hsmath** -9:58 PM Apr 14th, 2011

Turkeydoodles We teach good sportsmanship, persistence, patience, etc when playing games too – competition isn't all bad. [#hsmath](#) -9:57 PM Apr 14th, 2011

mathfour Cool! Only 6 more months for Daughter, then! RT **@Turkeydoodles**: Uno is good for my 2yo. colors and matching shapes he gets [#HSMath](#) -9:57 PM Apr 14th, 2011

Turkeydoodles Yeah, I'd never play competitive games with my kids with some of my distant family. They are brutal! Keep it fun! [#hsmath](#) -9:57 PM Apr 14th, 2011

mathfour Indeed! *sigh* RT **@mramidon** tough balance between challenging the child and building confidence and crushing the child.. [#HSMath](#) -9:56 PM Apr 14th, 2011

mramidon @Leighbra @mathfour @Turkeydoodles no doubt and it varies from kid to kid even within the same family. [#hsmath](#) -9:56 PM Apr 14th, 2011

adjunctmom @Turkeydoodles okay, maybe that would be a good place to start her. Uno. I could see that ;) [#HSMath](#) -9:56 PM Apr 14th, 2011

SchoolmarmDE @Turkeydoodles I have 5 kids– 22, 15, 13, 10, 7. I don't think they need to compete, with or without 'handicaps'. Not our style. [#HSMath](#) -9:56 PM Apr 14th, 2011

ColinTGraham @Turkeydoodles Part of the transition is from making your own games to following the rules made by others... always tricky! [#hsmath](#) -9:56 PM Apr 14th, 2011

Leighbra @mathfour @mramidon @Turkeydoodles You really have to be able to read your kids & your family as a unit re:competition [#hsmath](#) -9:56 PM Apr 14th, 2011

Turkeydoodles Uno is good for my 2yo. colors and matching shapes he gets [#hsmath](#) -9:55 PM Apr 14th, 2011

mramidon @Turkeydoodles tough balance between challenging the child and building confidence and crushing the child.. [#hsmath](#) -9:55 PM Apr 14th, 2011

adjunctmom @Turkeydoodles Absolutely agreed! [#HSMath](#) -9:55 PM Apr 14th, 2011

Turkeydoodles He likes putting the suits together though, and is learning digits. [#hsmath](#) -9:55 PM Apr 14th, 2011

Leighbra RT **@Turkeydoodles** It is a really big day when you finally beat a parent

who never played down to your level. [#hsmath](#) -9:55 PM Apr 14th, 2011

[Turkeydoodles](#) My 3 yo set up all the cars in rush hour today, just like in the pictures - for him that IS the game right now [#hsmath](#) -9:55 PM Apr 14th, 2011

[mathfour](#) Totally does for me! RT [@mramidon](#): [@Turkeydoodles](#) great point. sometimes competition clouds the objectives of the lessons. [#HSMath](#) -9:55 PM Apr 14th, 2011

[Leighbra](#) [@mathfour](#) [@Turkeydoodles](#) Maybe that's why I've never played chess. I know they'd beat me super fast ;) [#HSMath](#) -9:55 PM Apr 14th, 2011

[Turkeydoodles](#) It is a really big day when you finally beat a parent who never played down to your level. [#hsmath](#) -9:54 PM Apr 14th, 2011

[mathfour](#) [@ColinTGraham](#) I played Pentominos with the kids I was a nanny for. Those are fun! [#HSMath](#) -9:54 PM Apr 14th, 2011

[adjunctmom](#) [@Turkeydoodles](#) [@adjunctmom](#) You can get a two year old engaged in card games? Mine is, um, interested in scattering the pieces ;) [#HSMath](#) -9:54 PM Apr 14th, 2011

[mramidon](#) [@Turkeydoodles](#) great point. sometimes competition clouds the objectives of the lessons. [#hsmath](#) -9:54 PM Apr 14th, 2011

[mathfour](#) [@Leighbra](#) [@Turkeydoodles](#) My dad didn't either. But when I started beating him I was sad for him. [#HSMath](#) -9:53 PM Apr 14th, 2011

[adjunctmom](#) [@Leighbra](#) [@Turkeydoodles](#) Ahh, yes, that's my dad's school of thought, until Scrabble :) I can mop the floor w/him :) [#HSMath](#) -9:53 PM Apr 14th, 2011

[mramidon](#) RT [@mathnasium](#): Really interesting conversation going on right now about math education under [#HSMath](#) ! -9:53 PM Apr 14th, 2011

[Turkeydoodles](#) I like collaborative games, but playing at competition is ok - I just try to keep it from getting too real! [#hsmath](#) -9:53 PM Apr 14th, 2011

[mathfour](#) [@Turkeydoodles](#) One of them was Bevo the UT Longhorn! I suck. [#HSMath](#) -9:52 PM Apr 14th, 2011

[mramidon](#) RT [@Turkeydoodles](#): Webkinz is online. Surprisingly deep on problem solving games [#hsmath](#) -9:52 PM Apr 14th, 2011

mathnasium Really interesting conversation going on right now about math education under **#HSmath** ! -9:52 PM Apr 14th, 2011

lissgriffin RT **@Turkeydoodles**: Webkinz is online. Surprisingly deep on problem solving games **#hsmath** -9:52 PM Apr 14th, 2011

Turkeydoodles **@adjunctmom** We do open hands until we learn, too. If my 2yo still needs a hand after that, he teams up with a parent. **#hsmath** -9:52 PM Apr 14th, 2011

ColinTGraham Pentominoes have lots of applications/uses too **http://bit.ly/5vFwIS** - make your own set as an investigation to start off... **#hsmath** -9:52 PM Apr 14th, 2011

mathfour I've got fam members reviewing **@Sokikom** - will be doing a post on it soon. **#HSMath** -9:52 PM Apr 14th, 2011

adjunctmom **@Turkeydoodles** then we stop showing our stuff, but let him keep showing his. Once he has it down, then he doesn't show his stuff. **#HSmath** -9:52 PM Apr 14th, 2011

SchoolmarmDE **@Turkeydoodles** We are collaborative, rather than competitive. That's one of our benefits of homeschooling. :) **#HSMath** -9:52 PM Apr 14th, 2011

Leighbra **@Turkeydoodles** We've never pulled a board game punch for our kids. But then when they win, they are SO PROUD (so are we) **#HSMath** -9:51 PM Apr 14th, 2011

Turkeydoodles **@mathfour** LOL. Yup - that was dumb! Guess she'll be getting another lovey! ;) **#hsmath** -9:51 PM Apr 14th, 2011

midhamohit **#hsmath** This is my favourite game: **http://bit.ly/flabNy**. Ordering fractions, decimals,. Lots of strategy and student controls the pace. -9:51 PM Apr 14th, 2011

adjunctmom **@Turkeydoodles** Yup. When we introduce a new game, everyone's pieces/cards/what have you are shown, until B gets a sense of the game **#HSmath** -9:51 PM Apr 14th, 2011

ColinTGraham Erm... RT **@mathfour**: Is that like Pente? RT **@ColinTGraham** **@Turkeydoodles**: Hfnefetafl! I love it! :) **#HSMath** -9:51 PM Apr 14th, 2011

mathfour **@ColinTGraham** Wow, low tech. Okay, I'm game (I'm punny tonight) **#HSMath** -9:51 PM Apr 14th, 2011

Turkeydoodles Ooh – Risk! Tough stuff! >:) (you SO live too far away, Leighbra!)
#hsmath –9:51 PM Apr 14th, 2011

mathfour @Turkeydoodles Daughter got a Webkinz for Christmas. I pitched the login stuff because she's 19mo. Crumb! **#HSMath** –9:50 PM Apr 14th, 2011

LizDk @mathfour loads of good math game apps for ipad btw, that is the latest thing in our school. v g for elementary age skills. **#HSMath** –9:50 PM Apr 14th, 2011

Turkeydoodles @mathfour You bet! When do you want them? ;) **#hsmath** –9:49 PM Apr 14th, 2011

mathfour Is that like Pente? RT **@ColinTGraham @Turkeydoodles**: Hfnefetafl! I love it! :) **#HSMath** –9:49 PM Apr 14th, 2011

Leighbra @mathfour @SchoolmarmDE We've been playing Risk with the kids since the youngest was 4. & we never give them handicaps **#brutal #HSMath** –9:49 PM Apr 14th, 2011

Turkeydoodles @Leighbra @mathfour EXACTLY. Keep enough skill in it that everyone is engaged, but enough luck that littles have a shot too **#hsmath** –9:49 PM Apr 14th, 2011

LizDk Matching apps are good – match graph with equation etc. Use MathTools www.mathforum.org/mathtools is a good math search engine **#HSMath** –9:49 PM Apr 14th, 2011

ColinTGraham @mathfour Why not use a 10x10 grid. Kids make snakes and ladders of different lengths and place them on the board... go from there **#HSMath** –9:49 PM Apr 14th, 2011

mathfour @Turkeydoodles Can I rent your kids? **#HSMath** –9:49 PM Apr 14th, 2011

Leighbra @mathfour We like the games that mix strategy/calculation w/chance. DS was competing VERY aggressively against us at HeroScape at 6. **#HSMath** –9:48 PM Apr 14th, 2011

Turkeydoodles Webkinz is online. Surprisingly deep on problem solving games **#hsmath** –9:48 PM Apr 14th, 2011

midhamohit @mathfour #HSMath games cover the K–12 curriculum so there are algebra, geometry, data, number games: Try them here: mangahigh.com/games -

9:48 PM Apr 14th, 2011

LizDk @mathfour re web based apps, I would thoroughly recommend quizlet for the knowledge races you can have on any topic you like [#HSMath](#) -9:47 PM Apr 14th, 2011

lissgriffin Ultimate rock paper scissors <http://daily-techtips.blogspot.com/2010/11/ultimate-rock-paper-scissors.html> [#hsmath](#) -

9:47 PM Apr 14th, 2011

Turkeydoodles No counting for subtraction was what I was thinking re S&L [@mathfour](#) [#hsmath](#) -9:47 PM Apr 14th, 2011

mathfour @ColinTGraham Great idea for a web based game. Gotta programmer on hand? [#HSMath](#) -9:47 PM Apr 14th, 2011

Turkeydoodles @mathfour @Turkeydoodles We plan to, after they've tried it on paper for a while! ;) [#hsmath](#) -9:46 PM Apr 14th, 2011

mathfour @midhamohit Are the games calculation based? [#HSMath](#) -9:46 PM Apr 14th, 2011

ColinTGraham @mathfour @Turkeydoodles OK, we do Snakes and Ladders this side of the pond! Make the S&L movable too...? Introduce strategy... [#HSMath](#) -9:46 PM Apr 14th, 2011

Turkeydoodles Hfnefetafl! I love it! :) [#hsmath](#) -9:46 PM Apr 14th, 2011

mathfour @Turkeydoodles If you could afford it, you could allow them real ones. I'd bet kids would do better than grown ups. [#HSMath](#) -9:46 PM Apr 14th, 2011

Turkeydoodles @SchoolmarmDE Why? ALL kids are going to get wiped out - just mix chance into it to, so both sides see how it feels & learn! [#hsmath](#) -9:45 PM Apr 14th, 2011

mathfour @Turkeydoodles I think math is built in C&L - just so intuitively we don't see it. Watch a kid count the squares and then roll... [#HSMath](#) -9:45 PM Apr 14th, 2011

ColinTGraham I like Hfenatafl : <http://bit.ly/gauD14> can adjust rules, easy to play. Introduce handicapping systems for older/better players etc. [#hsmath](#) -9:45 PM Apr 14th, 2011

midhamohit #hsmath @SchoolmarmDE It depends on competition structure. At Mangahigh you compete for medal points across diff topics. Game are adaptive! -
9:45 PM Apr 14th, 2011

Turkeydoodles Late elementary kids can manage pretend stock portfolios and investments. **#hsmath** -9:44 PM Apr 14th, 2011

mylittlesoapbox I love board games. We like stratego a lot. **#hsmath** -9:44 PM Apr 14th, 2011

mathfour We've talked about smart phone apps, board games, homemade games. How about web based apps – anyone use those? **#HSMath** -9:44 PM Apr 14th, 2011

SchoolmarmDE @mathfour It may not be age, as much as approach, or learning style. You don't WANT a 9 yr old to wipe out a sib. **#HSMath** -9:44 PM Apr 14th, 2011

Turkeydoodles @mathfour @Turkeydoodles math not really built into Chutes and Ladders – you'd be superimposing it. As metaphor though, sure **#hsmath** -9:43 PM Apr 14th, 2011

Turkeydoodles Mancala, Ur, chinese checkers, Monopoly – all good history lessons! **#hsmath** -9:43 PM Apr 14th, 2011

mathfour @Turkeydoodles How about Chutes and Ladders – for subtraction and addition? **#HSMath** -9:42 PM Apr 14th, 2011

Turkeydoodles My kids play Carcassonne collaboratively sometimes, and we talk about being an honorable player. **#hsmath** -9:42 PM Apr 14th, 2011

mathfour Wow. OLD games. RT **@ColinTGraham**: You could also do a bit of history if you do some old board games... <http://bit.ly/nbDHs> **#HSMath** -9:42 PM Apr 14th, 2011

Turkeydoodles The less calculation dependant the game, the better chance the little guys have of intuiting and winning! **#hsmath** -9:42 PM Apr 14th, 2011

mathfour @SchoolmarmDE Can you give handicap points for the younger ones? I wonder how that would work. **#HSMath** -9:41 PM Apr 14th, 2011

Turkeydoodles @SchoolmarmDE Which is why my two year old freq beats me – honestly– at Connect4? **#hsmath** -9:41 PM Apr 14th, 2011

ColinTGraham You could also do a bit of history if you do some 'old' board

games... <http://bit.ly/nbDHs> [#hsmath](#) -9:41 PM Apr 14th, 2011

[mathfour](#) Gd pt! RT [@SchoolmarmDE](#) issue abt [#HSMath](#) is that often you dont have all kids on the same level, so competitive games arent appro. [#HSMath](#) -9:41 PM Apr 14th, 2011

[lissgriffin](#) Teaching prob through games at the mo. Students develop language & strategies themselves, grades 8 & 12 [#hsmath](#) -9:40 PM Apr 14th, 2011

[mathfour](#) [@ColinTGraham](#) Nothing like a great card game of "Calvin Ball" [#HSMath](#) -9:40 PM Apr 14th, 2011

[SchoolmarmDE](#) [@mathfour](#) 1of the issues abt [#HSMath](#) is that very often you don't have many kids on the same level, so competitive games aren't appro. -9:39 PM Apr 14th, 2011

[Turkeydoodles](#) You ever play human knots? Fun party game for geeks! [#hsmath](#) -9:39 PM Apr 14th, 2011

[mathfour](#) [@ColinTGraham](#) [@SchoolmarmDE](#) I always liked Battle (but that's not really math at all) [#HSMath](#) -9:39 PM Apr 14th, 2011

[ColinTGraham](#) Board games are also very good for strategy/planning... playing cards for counting etc., especially if you make your own rules [#hsmath](#) -9:39 PM Apr 14th, 2011

[Turkeydoodles](#) [@mathfour](#) Quoridor looks fun! I love games with multiple points of access like that. Mahjong (the Western version) is the same [#hsmath](#) -9:38 PM Apr 14th, 2011

[mathfour](#) [@LizDk](#) OOooo! Pencil, paper and SCISSORS games! [#HSMath](#) -9:38 PM Apr 14th, 2011

[ColinTGraham](#) [@SchoolmarmDE](#) I was meaning more about games that are played using pencil and paper, rather than requiring calculation/recording [#hsmath](#) -9:37 PM Apr 14th, 2011

[mathfour](#) Quoridor is very easy to play and yet the strategy is mind-boggling. So cool. [#HSMath](#) -9:37 PM Apr 14th, 2011

[LizDk](#) re pen/paper. My g3 kid had some cool puzzles from school this week eg cut given trapezoid into 3 congruent triangles etc. [#HSMath](#) -9:37 PM Apr 14th, 2011

mathfour One of my favorite games ever: Quoridor
<http://en.wikipedia.org/wiki/Quoridor> **#HSMath** -9:36 PM Apr 14th, 2011

Turkeydoodles Any Brits here? The math bit of Countdown is one of my favourites!
#hsmath -9:36 PM Apr 14th, 2011

Turkeydoodles Ravensburger is a German company that makes all sorts of challenging board games – many on BrettSpielWelt.com.de, but others too
#hsmath -9:36 PM Apr 14th, 2011

mathfour @ColinTGraham Dots and boxes I've played. Not many of the others. Will have to try them. **#HSMath** -9:35 PM Apr 14th, 2011

LizDk @lissgriffin re Aussie, World Maths Day is a great one to participate in from home. Annual early March. www.worldmathsday.com **#HSMath** -9:35 PM Apr 14th, 2011

Turkeydoodles Or obfuscated dot to dots, where you only go to multiples of three or whatever. >:) **#hsmath** -9:34 PM Apr 14th, 2011

adjunctmom @LizDk I've been thinking about digging out our Tangoes set. We have a huge set of cards for it. **#HSMath** -9:34 PM Apr 14th, 2011

lissgriffin <http://www.maths300.esa.edu.au/> **#hsmath** -9:34 PM Apr 14th, 2011

mathfour RT **@Turkeydoodles**: And, less I be remiss, Magic, D&D, WoW, Wizard101, etc! RPGs are where the math is at, folks! **#HSMath** -9:34 PM Apr 14th, 2011

Turkeydoodles Cellular automata are fun, too. **#hsmath** -9:34 PM Apr 14th, 2011

Turkeydoodles Boxes is good for pencil and paper. So is making up mazes... (and figuring out fibonacci remainders...) **#hsmath** -9:33 PM Apr 14th, 2011

LizDk Have you ever used quizlet? <http://quizlet.com/> Make flashcards then do scatter race games with matching up plus other activities. **#HSMath** -9:33 PM Apr 14th, 2011

lissgriffin You should check out maths300 from australia **#hsmath** Great activities inc games. Kids work things out can aid learning & it's fun -9:33 PM Apr 14th, 2011

ColinTGraham @mathfour Sprouts, Nim, Battleships... there are eight on the URL I tweeted... ;-) **#HSMath** -9:33 PM Apr 14th, 2011

mathfour RT **@SchoolmarmDE** Dominos is a great early game. And you can teach operations by changing the rules. **#HSMath** -9:32 PM Apr 14th, 2011

Turkeydoodles And, less I be remiss, Magic, D&D, WoW, Wizard101, etc! RPGs are where the math is at, folks! **#hsmath** -9:32 PM Apr 14th, 2011

mathfour **@ColinTGraham** Not yet! Paper and pencil games – like SOS? **#HSMath** -9:32 PM Apr 14th, 2011

LizDk Tangoes is a nice one. Use tangrams to make given shapes. Great for visual spacial geom. **#HSMath** -9:32 PM Apr 14th, 2011

SchoolmarmDE **@ColinTGraham** My kids do a lot of paper & pencil math in role-playing games. Strengths, hit points, etc. **#hsmath** -9:32 PM Apr 14th, 2011

mathfour **@sunflowermommie** It's actually now, but who's counting. ;-) **#HSMath** -9:31 PM Apr 14th, 2011

Machemes A game that isn't really a game/thinly veiled: when they dress up more rote macheme practice with points or pictures! **#hsmath** -9:31 PM Apr 14th, 2011

adjunctmom **@Turkeydoodles** You and **@babytoolkit** -- I am going to need a bigger game closet :) **#HSMath** -9:31 PM Apr 14th, 2011

mathfour **@lissgriffin** Where are you located? (and welcome!) **#HSMath** -9:31 PM Apr 14th, 2011

Turkeydoodles Settlers of Catan is good for working with probability. **#hsmath** -9:31 PM Apr 14th, 2011

LizDk Jeopardy is good for all levels too. 100 level is easy, 500 level is hard. Have diff parts of topic too **#HSMath** -9:31 PM Apr 14th, 2011

Turkeydoodles (Why yes, I AM a board game enabler. Why do you ask? ;) **#hsmath** -9:30 PM Apr 14th, 2011

Turkeydoodles Carcassonne is a BLAST, and FREE to play (includ some expansions on BrettSpielWelt.com.de >:) **#hsmath** -9:30 PM Apr 14th, 2011

SchoolmarmDE **@mathfour** Dominos is a great early game. And you can teach operations by changing the rules. **#hsmath** -9:30 PM Apr 14th, 2011

mathfour @LizDk Yep – but still good stuff (lots of homeschoolers do high school math too) #HSMath –9:29 PM Apr 14th, 2011

Turkeydoodles Just POINTLESS competition. got to have some meat to give meaning to the math! #hsmath –9:29 PM Apr 14th, 2011

ColinTGraham Haven't been paying much attention, but did anyone mention paper-and-pencil games yet? http://bit.ly/esewpR #hsmath –9:29 PM Apr 14th, 2011

sunflowermommie RT @mathfour: Want to talk Math Games? Join us for #HSMath #homeschool #math in an hour. #mathchat –9:29 PM Apr 14th, 2011

LizDk Best game I can suggest that suits all levels is Krypto. Use 5 numbers once each with 4 operations to produce a 6th given number. #HSMath –9:29 PM Apr 14th, 2011

mathfour @adjunctmom @Turkeydoodles Carcassonne looks hard! #HSMath –9:29 PM Apr 14th, 2011

lissgriffin @midhamohit my kids loved mangahigh. Wish it were free everywhere. Great learning #HSmath too –9:29 PM Apr 14th, 2011

adjunctmom @LizDk Homeschool. Yes, ma'am. #HSmath –9:29 PM Apr 14th, 2011

Turkeydoodles @adjunctmom Play without the farms for beginners – much easier that way! #hsmath –9:28 PM Apr 14th, 2011

mathfour @Turkeydoodles OH! Like the Kahn Academy badges. Not really a game, just competition, right? #HSMath –9:28 PM Apr 14th, 2011

Leighbra @mathfour @adjunctmom @SchoolmarmDE Right, the starter sets are \$14–20 on amazon. #HSMath –9:28 PM Apr 14th, 2011

adjunctmom @Turkeydoodles Yup. We're Thinkfun and gamewright people :) #HSmath –9:28 PM Apr 14th, 2011

LizDk Hi I am here, sort of. #HSMath I thought HS was high school but it is home school, right? –9:28 PM Apr 14th, 2011

mathheadinc <3 Think Fun, formerly Binary Arts.RT @Turkeydoodles: Think fun and Fat Brain toys make great stuff. #hsmath –9:28 PM Apr 14th, 2011

Turkeydoodles Rush hour and Carcassonne both say 8+, but even my 2 yo enjoys them on his own level, and my 4/5 yos play them normally. [#hsmath](#) -9:28 PM Apr 14th, 2011

Turkeydoodles Think fun and Fat Brain toys make great stuff. [#hsmath](#) -9:27 PM Apr 14th, 2011

adjunctmom @Turkeydoodles Carcassonne makes me frustrated, so I know he's not ready for it yet. [#HSMath](#) -9:27 PM Apr 14th, 2011

Turkeydoodles A game that isn't really a game/thinly veiled: when they dress up more rote algorithm practice with points or pictures! [#hsmath](#) -9:27 PM Apr 14th, 2011

adjunctmom @Turkeydoodles Oh, yes, Rush hour is hugely popular (and Tipover, too) both by [@thinkfun](#) [#HSMath](#) -9:27 PM Apr 14th, 2011

mathfour @adjunctmom @SchoolmarmDE They aren't that expensive (I was looking at the classroom set!) [#HSMath](#) -9:26 PM Apr 14th, 2011

Turkeydoodles How about actual games, though? Carcassonne is popular here, as is Rush Hour. [#hsmath](#) -9:26 PM Apr 14th, 2011

monicabrand @adjunctmom ha! Don't remember that part [#HSMath](#) -9:26 PM Apr 14th, 2011

ColinTGraham @Turkeydoodles The abstraction is great, when Ss have the cognitive development to handle it and separate it in different situations [#hsmath](#) -9:25 PM Apr 14th, 2011

mathfour @Turkeydoodles @adjunctmom Can you share an example of a game that's not really a game? I'm lost on that one. [#HSMath](#) -9:25 PM Apr 14th, 2011

Turkeydoodles You can make your own c rods, or find them used. Or just buy a small set. All good. :) [#hsmath](#) -9:25 PM Apr 14th, 2011

Leighbra @SchoolmarmDE @mathfour <http://www.etacuisenaire.com/> still makes & sells them. There are magnetic versions, too [#HSMath](#) -9:25 PM Apr 14th, 2011

Turkeydoodles @adjunctmom ""not really a game"" - exactly! [#hsmath](#) -9:24 PM Apr 14th, 2011

adjunctmom @SchoolmarmDE @mathfour you can get c-rods at Rainbow Resources and amazon. **#HSMath** -9:24 PM Apr 14th, 2011

mathfour @SchoolmarmDE They are, but MIGHTY expensive:
http://www.etaquisenaire.com/catalog/product?deptId=&prodId=4212A
#HSMath -9:24 PM Apr 14th, 2011

Turkeydoodles @ColinTGraham I like the abstraction of C rods – no predetermined way to play with them that way. And yes, you can still buy them!
#hsmath -9:24 PM Apr 14th, 2011

Leighbra @mathfour @Turkeydoodles My son got a lot of use out of the set of Cuisenaire rods I got for a steal thrifting **#HSMath** -9:24 PM Apr 14th, 2011

adjunctmom @mathfour @Turkeydoodles Just that sometimes she's calling it a game, when really, it's not a game. **#HSMath** -9:23 PM Apr 14th, 2011

Turkeydoodles Posted about webkinz, but doesn't seem to have come up. Webkinz (yes, the fuzzy animals) is FULL of math games!! Good ones!!!! **#hsmath** -9:23 PM Apr 14th, 2011

mathfour @Turkeydoodles Taught college math except for 6 months of 9th grade math. I've missed out on the good stuff. **#HSMath** -9:23 PM Apr 14th, 2011

adjunctmom @mathfour @Turkeydoodles Wow, really? We used c-rods in the dark ages (aka back when I was in elementary school). **#HSMath** -9:23 PM Apr 14th, 2011

SchoolmarmDE @mathfour I'm not sure cuisenaire rods are even still sold, much less the workbooks. You can do the same with legos. **#hsmath** -9:23 PM Apr 14th, 2011

Turkeydoodles @adjunctmom Oh, all good for that, but they really aren't the most compelling in the universe. **#hsmath** -9:22 PM Apr 14th, 2011

ColinTGraham @mathfour @Turkeydoodles LEGO is better than Cuisenaire rods, problem with Cuisenaire is that they are 'relative' (=too abstract) **#HSMath** -9:22 PM Apr 14th, 2011

mathfour @Turkeydoodles @adjunctmom What kind of veil? How do you mean the games are thinly veiled? **#HSMath** -9:22 PM Apr 14th, 2011

Turkeydoodles Seriously? How can you not know C rods? Sheesh! ;) **#hsmath** -9:22 PM Apr 14th, 2011

adjunctmom @Turkeydoodles True, but sometimes you just need that slight bit of different approach to get a concept to sink in. **#HSmath** -9:21 PM Apr 14th, 2011

midhamohit #hsmath @Turkeydoodles @SchoolmarmDE Watch this video of Cambridge Middle School using Mangahigh#**math** games <http://youtu.be/goW9ssFum4> -9:21 PM Apr 14th, 2011

mathfour @Turkeydoodles Cuisenaire rods – new one for me. I'll be doing posts on Discovery Toys soon. Maybe I should try the rods, too. **#HSMath** -9:21 PM Apr 14th, 2011

Turkeydoodles @adjunctmom yeah, that's the truth! Some of the games look a little thinly veiled to me, too. Go for actual FUN! **#hsmath** -9:20 PM Apr 14th, 2011

adjunctmom @monicabrand @mathfour Have reading, writing, & learning by her. Great ideas in all categories. **#HSmath** -9:20 PM Apr 14th, 2011

Leighbra @SchoolmarmDE Yikes! Hope they pass quickly :(**#hsmath** -9:20 PM Apr 14th, 2011

mathfour @midhamohit Can I get in for free even if I'm not a school? I'm a blog... does that work? DM me with details if so. **#HSMath** -9:20 PM Apr 14th, 2011

adjunctmom @mathfour @monicabrand Her books are awesome, but you kind of want to ignore the intros (where she says not to interfere w/teachers) **#HSmath** -9:19 PM Apr 14th, 2011

Turkeydoodles Lots of fun games you can do with Cuisenaire rods, pattern blocks, etc **#hsmath** -9:19 PM Apr 14th, 2011

monicabrand That's the one. She has a reading bk too RT **@mathfour: @monicabrand** by Peggy Kaye? (just found that on Amazon, too – looks neat!) **#HSMath** -9:19 PM Apr 14th, 2011

SchoolmarmDE @midhamohit Haven't seen it. We don't go online much. **#hsmath** -9:19 PM Apr 14th, 2011

Turkeydoodles @midhamohit I'll try to take a peek at mangahigh.com after the meeting. :) **#hsmath** -9:18 PM Apr 14th, 2011

mathfour @SchoolmarmDE Ouch! I'm sorry to hear that. **#HSMath** -9:18 PM Apr 14th, 2011

midhamohit #hsmath What do you guys think of Mangahigh.com math games? Keen to get your feedback. Its now FREE for the US schools -9:17 PM Apr 14th, 2011

SchoolmarmDE @monicabrand Well, because of my advanced age, started with bag of Cuisinaire rods. ;) **#hsmath** -9:17 PM Apr 14th, 2011

mathfour @monicabrand by Peggy Kaye? (just found that on Amazon, too - looks neat!) **#HSMath** -9:17 PM Apr 14th, 2011

Turkeydoodles I go for regular games though - rush hour, set, carcassonne, settlers of Catan, parcheesi **#hsmath** -9:17 PM Apr 14th, 2011

Turkeydoodles Is that by Peggy Kaye or something? She did a whole series of them. Family Math series is good too. **#hsmath** -9:17 PM Apr 14th, 2011

adjunctmom @nolamom76 Good luck with the website! **#HSMath** -9:16 PM Apr 14th, 2011

mathfour @nolamom76 Good luck, Peanuts Are Evil girl. I'll be watching it. Doing the happy dance for you! **#HSMath** -9:16 PM Apr 14th, 2011

SchoolmarmDE @mathfour And I won't be here much longer, big kidney stone & medicine making me goofy. **#hsmath** -9:16 PM Apr 14th, 2011

Turkeydoodles Bye Cara - good luck with the website! **#hsmath** -9:16 PM Apr 14th, 2011

adjunctmom @mathfour I've always been a bit of a game junkie. Fluxx isn't really mathy, but you do have to count cards & stuff. **#HSMath** -9:16 PM Apr 14th, 2011

monicabrand @mathfour @SchoolmarmDE I have a book that gives ideas for math games. Games for Math by ? Can't remember **#HSMath** -9:15 PM Apr 14th, 2011

mathfour @nolamom76 This is cool - I was thinking that we'd be doing games made to teach math, but everyone uses regular games. I LOVE IT! **#HSMath** -9:15 PM Apr 14th, 2011

Turkeydoodles We just got our kids a cash register for their birthday, so they can play store and learn decimals. **#hsmath** -9:15 PM Apr 14th, 2011

nolamom76 ok guys as much as I would love to stay, I have to get work on this website and I just can't keep up, see you guys next week **#hsmath** -9:15 PM Apr 14th, 2011

mathfour I'm trying to think of a way to suggest Plants vs. Zombies is mathematical... [#HSMath](#) -9:15 PM Apr 14th, 2011

SchoolmarmDE @mathfour They love secret codes, too, so they use math to make ciphers. [#hsmath](#) -9:15 PM Apr 14th, 2011

mathfour @adjunctmom I don't know fluxx either - I'm so out of it! [#HSMath](#) -9:14 PM Apr 14th, 2011

nolamom76 no homemade math games but we use monopoly to teach money, yatzee to teach multiplication [#hsmath](#) -9:14 PM Apr 14th, 2011

Turkeydoodles We divvy up chocolate chips evenly! [#hsmath](#) -9:14 PM Apr 14th, 2011

adjunctmom @mathfour @adjunctmom it is a ton of fun to play. The rules are hilarious (not as funny as fluxx, but he's not quite ready for that) [#HSMath](#) -9:13 PM Apr 14th, 2011

mathfour @SchoolmarmDE Home-made math games. Perfect! Anyone else do those? [#HSMath](#) -9:13 PM Apr 14th, 2011

SchoolmarmDE @mathfour We don't use computers for much, though. With littles I always had them do things like count veins in celery [#hsmath](#) -9:12 PM Apr 14th, 2011

mathfour @adjunctmom Sleeping Queens looks fun (found it on Amazon) [#HSMath](#) -9:12 PM Apr 14th, 2011

adjunctmom @mathfour @adjunctmom yeah, you shoot the birds across stuff to break structures. [#HSMath](#) -9:11 PM Apr 14th, 2011

mathfour @SchoolmarmDE Great! I wonder what they cost regularly... [#HSMath](#) -9:11 PM Apr 14th, 2011

adjunctmom Non-electronic math-y things he likes: gamewright's Sleeping Queens. Awesome game, fun for parents AND kids. [#HSMath](#) -9:10 PM Apr 14th, 2011

SchoolmarmDE @mathfour I got them all for free. ebook promotion. Couldn't download fast enough, lol. [#hsmath](#) -9:10 PM Apr 14th, 2011

mathfour @adjunctmom Is that the one where you shoot the birds across stuff? If so, I'll go with the geometry angle (pardon the pun) [#HSMath](#) -9:10 PM Apr 14th, 2011

midhamohit [#HSMath](#) RT [@mathwhiz](#): SmartBoard MangaHigh Math = Engagement Like None Other – <http://goo.gl/NE6bg> via [@Shareaholic](#) –9:10 PM Apr 14th, 2011

mathfour [@SchoolmarmDE](#) Are the SAT apps expensive? [#HSMath](#) –9:09 PM Apr 14th, 2011

nolamom76 [@mathfour](#) [@Turkeydoodles](#) we love angry birds. [#hsmath](#) –9:09 PM Apr 14th, 2011

mathfour [@monicabrand](#) We're talking about math games – any type (smart phone/pad apps now, but all are open for discussion) [#HSMath](#) –9:09 PM Apr 14th, 2011

adjunctmom [@mathfour](#) [@Turkeydoodles](#) the engineer (aka my husband) says Angry Birds teaches him geometry and physics. [#HSmath](#) –9:09 PM Apr 14th, 2011

mathfour [@monicabrand](#) Welcome! [#HSMath](#) –9:08 PM Apr 14th, 2011

SchoolmarmDE [@mathfour](#) We aim the structured part of our learning towards those tests from about 12 on... gives us a standard [#hsmath](#) –9:08 PM Apr 14th, 2011

monicabrand Checking out [#HSmath](#) chat –9:08 PM Apr 14th, 2011

mathfour [@Turkeydoodles](#) I've heard about angry birds but never played it. Lemme ask Husband. [#HSMath](#) –9:08 PM Apr 14th, 2011

adjunctmom Well, heck, if we're going to count Angry Birds, the kid is all right. He ADORES all versions. [#HSmath](#) –9:07 PM Apr 14th, 2011

mathfour [@adjunctmom](#) Here's a great thing – connecting kids and math with what they already like. [#HSMath](#) –9:07 PM Apr 14th, 2011

mathfour [@SchoolmarmDE](#) [@adjunctmom](#) One with teenagers and one with tiny ones. And apps for everyone. [#HSMath](#) –9:06 PM Apr 14th, 2011

adjunctmom For those two it's the monsters he can collect in the first one for right answers; the second one lets him collect rocket parts [#HSmath](#) –9:06 PM Apr 14th, 2011

Turkeydoodles I heard that Angry Birds is a good problem solving game, yes? [#hsmath](#) –9:06 PM Apr 14th, 2011

SchoolmarmDE @mathfour We have the SAT prep apps, useful for waiting rooms, etc. **#HSMath** -9:05 PM Apr 14th, 2011

mathfour @adjunctmom What about Math Bingo and Rocket Math does he like? **#HSMath** -9:05 PM Apr 14th, 2011

adjunctmom oh, and math ninja, he plays that too. All preset for only addition and subtraction (since he's five) **#HSmath** -9:05 PM Apr 14th, 2011

mathfour Got lots of folks in and out - wonderful! We'll take you as we can get you! **#HSMath** -9:05 PM Apr 14th, 2011

Turkeydoodles We're totally healthy, but stressed from our ceiling falling in from a roof leak! **#hsmath** -9:04 PM Apr 14th, 2011

mylittlesoapbox I'm here and will be in/out as well. **#hsmath** -9:04 PM Apr 14th, 2011

adjunctmom Ben has tried a lot of iPad apps: he likes Math Bingo and I think Rocket Math **#HSmath** -9:04 PM Apr 14th, 2011

midhamohit #hsmath Mangahigh.com/games offers some of the best Math Games on the web. Watch a student video here: <http://youtu.be/ewsDwc9MSp0> -9:04 PM Apr 14th, 2011

Turkeydoodles Cue crickets - we don't have apps here. (Dear Husband, but yeah - that works too!) **#hsmath** -9:04 PM Apr 14th, 2011

nolamom76 I'm here too, I'll be in and out, trying to work on my website and it's giving me issues **#hsmath** -9:04 PM Apr 14th, 2011

mathfour @adjunctmom You're in the right company - Pink eye here with sore throat and sniffles. What a crew, tonight! **#HSMath** -9:03 PM Apr 14th, 2011

mathfour @Turkeydoodles Is DH "dear heart"? (because he is!) **#HSMath** -9:03 PM Apr 14th, 2011

mathfour Let's start with iPhone apps (or smart phone apps) - anyone use these for math teaching/learning? **#HSMath** -9:03 PM Apr 14th, 2011

adjunctmom I'm sort of here. Have some sort of weird cold thing, not feeling well, but I figured I could listen in at least :) **#HSmath** -9:03 PM Apr 14th, 2011

Turkeydoodles Paused in the middle of our datenight movie, but I'm here! DH is a peach! [#hsmath](#) -9:02 PM Apr 14th, 2011

mathfour @Turkeydoodles Hey there – glad you could make it! (was a little bummed that you might not) [#HSMath](#) -9:02 PM Apr 14th, 2011

Turkeydoodles Howdy! No smackdown tonight, folks, except over which is the best math game! [#hsmath](#) -9:01 PM Apr 14th, 2011
