

Make Your Own Box

Print this template on your own card stock paper. Cut on the solid lines, fold on the dotted lines. Glue the side tabs (the trapezoids).

Questions to answer **before** cutting and assembling:

1. What shapes are used?
2. How many squares are there?
3. How many non-square rectangles?
4. Which shapes will you see from the outside of the box?
5. Which shapes will be hidden inside the box when you're done?

Questions to answer **after** cutting and assembling:

1. What shapes are used?
2. How many squares do you see?
3. How many non-square rectangles are there?
4. Which shapes do you see on the outside of the box?
5. Which shapes are hidden?

After assembling the box, did your answers change?
